Storage :

Keep the container closed and in a dry place.
Keep in the original container only.
Do not store beyond the expiry date indicated on the container.

8- Control of exposure/individual protection Contrôle

Technical measures: No special measure required

Respiratory protection devices: No special measure required.

Hand protection: No special measure required.

Face and eyes protection: avoid contact with the eyes.

9- Physical and chemical properties

Density:	unspecified
Odor:	unspecified
Color:	unspecified
Solubility in water:	unspecified
Vapor pressure of volatile components at 50°C:	not relevant
Physical state:	fluid emulsion
Flash point interval:	not relevant
pH:	around 7
Spontaneous combustion temperature:	unspecified
Decomposition temperature:	unspecified
Fusion temperature interval:	unspecified
Medium temperature for the distillation of solvents:	unspecified

10- Stability and reactivity

The product is stable under the storage and handling conditions stated in paragraph 7 of this MSDS.

Unadvised conditions: do not mix with other products

Unadvised material: none known

Decomposition hazards : none known

11- Toxicology information

No data available.

No component indicates that the product could represent a toxicological hazard

12- Environment information

No data available.

Aquatic toxicity: No data available.

No component indicates that the product could represent a toxicological hazard

13- Special precautions for the disposal

Wastes:

Recycle or dispose of according to national requirements.

14-Special precautions for transport

ADR / RID	Not listed
IMDG	Not listed
IATA	Not listed

15- Regulatory information

The product is not listed as hazardous.

16- Autres informations

R22 : noxious when ingested

R41 : can cause ocular lesions

The environment and working conditions of the persons handling the products not being known to us, the information contained in this MSDS are based on our knowledge as well as on the national and EU regulations.

The product should not be used for other purposes than indicated in paragraph one without the receipt of written special handling instructions.

It is the responsibility of the user to take all necessary actions to comply with local laws and regulations.

The information contained in this MSDS should be considered as a description of the security requirements relating to the product and not as a guarantee of the product's properties.

It is recommended to pass the information contained in this MSDS to the end user, in a suitable presentation if necessary.

All information contained in this MSDS refers only to the specified product and cannot be valid if the product is combined with other material.
